NEW BUSINESS

Update on support for service people of EVS families

A note was included in the most recent Hoot. Raymond Petterson talked with the membership about how to go about identifying families. Justin mentioned he could ask that teachers identify students who have family members in the service. He will

generate a list and pass it on to Raymond. Raymond will contact the families to see if they would be interested in being a part of our efforts.

Deliberative Session

Kris asked the membership if we would be interested in providing free child care at this year's deliberative session. The general consensus was that this is a good idea and that we should try to move forward with this. Liz will contact Ann Doody, advisor of the National Honor Society at MVRHS, to see if those students would be interested in including this as a project again this year.

Brainstorm ideas on how to include Kinders in PTA programming

There was discussion regarding programming to include opportunities which would include Kinders. There was general consensus that we could see if there are any teachers or staff members interested in facilitating enrichment sessions.
